1963 Edition No. 9

DEC 17 1964

April 5, 1963

CURRENT SERIAL RECORDS

WEATHER - was probably the biggest topic of conversation this week. With new high temperature records being set on Sunday, it looked like Spring was really here. But, we had to have one real blizzard and it came Tuesday night and Wednesday with lightning, hail, rain turning to snow and high winds. Nearly a foot of snow fell in some areas. Traffic and most other activities were at a standstill on Wednesday.

SALES - We are now into our extended sales period. The storm has prevented travel but warm weather will again open up roads and you will be able to finish up your contact work before sales close.

Richland, Cass and Stutsman are the leading crop sales counties as of now.

Your sales report for the week ending April 5 must reach us by Monday, if possible but not later than Tuesday. Let's have 100% again. This week three reports failed to reach us. Please submit all applications, add-ons, dollar per bushel selections and reinstatements as soon as possible. We want to complete processing these forms without delay.

ACCOUNTS - If you have not sent in your exceptions to the statements of account or have not carried out all of our instructions on reconciling, please do so without any more delay. This job must be completed and we must start terminating crops for unpaid premiums in the very near future.

ACREAGE REPORTS - It is time to be thinking and planning for this next big job. Please study the procedures carefully. Discuss any questions with your District Director. Order necessary supplies.

EXPERIENCE LISTINGS - When you find errors in these, please advise us on Form FCI-6 so that we can recheck and advise the Branch Office if necessary.

H.G. Schonberger

NODAK CROP INSURANCE

FARGO, NORTH DAKOTA

UNITED STATES DEPARTMENT OF AGRICULTURE

U. S. DEPT. OF AGRICULTURE
NATIONAL AGRICULTURAL LIBRARY

EDITION NO. 10

DEC 17 1964

April 11, 1963

CURRENT SERIAL RECORDS

SALES - While last week weather was unfavorable, the sales picture for North Dakota certainly was "bright and sunny". Despite the obstacles that Mother Nature presented, you, agents and fieldmen, have done an admirable job.

Director Thexton's area became the second in the State to go over their sales quota. "Red" and all of the people in his district have our sincere congratulations for their fine performance.

It is equally gratifying to announce that the State of North Dakota has exceeded its minimum sales quota. Not too long ago this quota seemed an impossibility, but your efforts have made it a reality.

Richland County still leads in crop sales followed by Cass County which is leading in the Net Acres column by the slim margin of 10 acres.

REPORTS - Please submit your report for the week ending April 12 so that it reaches us by Monday, April 15. After the close of sales on April 15 please prepare your final sales report. This report must reach us by not later than Monday, April 22. Before submitting your final report, review your records in order to be sure that your "to date" figures for all items are correct. Adjustments should be explained in "Remarks".

CORRECTION - On page 15 of the coverages and rates for all counties, please correct Richland County Soybeans for Area 2 to 8.0 bushels rather than 9.5.

H.G. Schonberger

NODAK CROP INSURANCE

NEWS

Edition No. 11

CURRENT SERIAL RECORDS

April 17, 1963

SALES - The 1963 campaign is over. Let's get all the applications and 812A's in without delay. We want to complete processing as soon as possible.

Please clear up suspended cases immediately.

The campaign was a success. We won't know the number of contracts and crops actually in force for sometime yet but we have a nice increase and we did exceed our goals. Hard work on the part of all during the closing weeks did it. Again we want to congratulate you.

Your final sales report should be submitted now and must reach us by Monday, April 22. Be sure to check all the data and correct any figures as necessary. We want this report to be as accurate as it can be. Our report to Washington is based on your reports.

PAST DUE ACCOUNTS - We will start terminating crops where the premium is unpaid in the near future. Please check your records and be sure that we have all needed information on every account.

ACREAGE REPORTS - The next big job. Be ready when insureds are ready to file. Study your procedures, discuss with your District Director. Order needed supplies.

H. G. S.

1963 Edition No. 12

CURRENT SERIAL RECORDS

April 25, 1963

NODAK CROP INSURANCE NEWS

SALES - This will be the last issue of NoDak News pertaining to 1963 sales. The attached report will be the last weekly report. After we complete processing all applications, add-ons, cancellations, and terminations for debts we will prepare a summary report showing contracts and crops in force for 1963 as we have in past years.

ACREAGE REPORTS - We have heard that some reports have already been filed by insureds. As soon as your District Director has given you the "Go" signal, transmit them to our office.

EXPERIENCE LISTINGS - Please advise us of errors or corrections on Forms FCI-6 so that we can correct our records and the Branch records. We have started to check these lists also. We will advise you of corrections we find by sending you a copy of Form FCI-50 showing the changes. Please review and correct your listing upon receipt.

WHEAT REFERENDUM - The State ASCS Office has sent you information kits on the 1964 wheat program. We have received the enclosed material from our Washington Office. Please study carefully so that you are fully informed concerning this program. Any questions should be discussed with the ASCS committee for your county.

PAST DUE ACCOUNTS - Are you sure that you have sent us all needed information concerning active accounts? We want to terminate only the ones that should be terminated.
